SB 35 Project - Notice of Intent (NOI) to Submit Application  
(Project No. 23-0002533)

Dear Mr. Gozumian:

On December 26, 2023, the City of Burbank received your Notice of Intent (NOI) to submit an application for Streamlined Ministerial Approval Process for a proposed residential project located at 910 South Mariposa Street (Project). The Project includes the new construction of one five-story residential structure, containing a total of 30 condominium units ranging from 1,176 square feet in size and a total of 43 subterranean parking spaces. The Project proposes 24 two-bedroom units, 6 three-bedroom units and approximately 24,255 square feet of combined common and private open space. The site will be accessed from a two-way driveway from South Mariposa Street. The Project proposes to utilize the State's Density Bonus Law that allows for increased residential density. Three Very Low-Income residential units are proposed in exchange for a 50 percent increase in density to 30 dwelling units per acre (du/ac).

After reviewing the application and items that you submitted, City Staff has determined that your application satisfies all the submission requirements for the SB 35 NOI process and has therefore, been deemed complete. During review of the application, staff identified inconsistencies with the City's objective standards (Attachment A). In accordance with the SB 35 review process outlined in CA Government Code 65913.4, the review of the Project's complete compliance with all SB 35 eligibility requirements may only be conducted once the NOI process has concluded and you have submitted a formal SB 35 streamlined ministerial approval process application to the City.

During the NOI application review process, the City also completed the notification and initiation of the consultation process with the California Native American tribes that are traditionally and culturally affiliated with the geographic area of the Proposed Project, in accordance with the timeline described in CA Government Code 65913.4. As of this date, the City has completed the tribal consultation process with the two California Native American Tribes that have requested consultation for the Proposed Project. The signed tribal enforceable agreements are attached at the end of this letter (Attachments B and C).

The following table summarizes the Tribal Consultation process for the Proposed Project.
