CITY OF BURBANK

SECTION 8 PROJECT-BASED VOUCHER PROGRAM (PBV)

May 2024

REQUEST FOR PROPOSALS (RFP)

1. INTRODUCTION

The Burbank Housing Authority is inviting owners and developers of multi-family rental projects in the City of Burbank to submit proposals for participation in the Section 8 Project Based Voucher Program (PBV). **PBV assistance is available for up to 20 units under this RFP.** Applications will be accepted for substantial rehabilitation or new construction units.

A housing unit will be considered a new construction unit if construction has not started at the time of BHA selection and will not start until all post-selection requirements are met. A substantial rehabilitation will be an extensive structural repair or extensive remodeling and requires a building, electrical, plumbing, or mechanical permit for the tenant's dwelling unit at issue. All financing of project costs and operating expenses will be the responsibility of the owner.

2. PROGRAM OVERVIEW AND REQUIREMENTS

A. Housing Authority Profile

The Burbank Housing Authority operates the Housing Choice Voucher Program (HCV), also known as Section 8, which is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. The BHA is responsible for over 1,000 Section 8 Vouchers for households whose incomes fall below 50% of the median household income in Los Angeles County.

The Burbank Housing Authority continues to expand the supply of assisted housing, maintaining the quality of assisted housing, promoting self-sufficiency of families and individuals, increasing awareness of housing choices, and working with federal representatives to improve and expand rental and homeownership opportunities for lower income households.

B. Background and Purpose

The PBV Program is a component of the BHA's Section 8 HCV Program. HUD allows a public housing authority to set aside up to approximately 20% of its vouchers for project-based assistance. Unlike tenant-based assistance where the rental subsidy is attached to the tenant, the rental subsidy in a project-based assistance program is attached to the unit or building. The purpose of the PBV Program is to: 1) expand housing and economic opportunities for low and very low-income households; 2) maintain full utilization of allocated vouchers; and 3) prevent the concentration of poverty. (The City of Burbank is experiencing a shortage in affordable housing units with a particular interest in housing opportunities for the homeless.) The BHA desires to secure and preserve affordable rent housing within the City of Burbank.

C. Description of Project-Based Voucher Program

Under the PBV program, the BHA will attach a Housing Assistance Payments (HAP) Contract to the selected housing development after construction is completed. For new construction projects, please note a selected project cannot begin construction until all post-selection requirements (see Section 4.H) are met and the BHA and the owner(s) have executed an Agreement to Enter into Housing Assistance Payments Contract (AHAP). The AHAP stipulates the conditions under which the owner agrees to construct the units to be subsidized and under which the BHA agrees to subsidize the units upon satisfactory completion of construction. All units must meet HUD-established Housing Quality Standards inspection and other requirements before assistance can commence. Upon meeting all requirements, a HAP Contract will be executed between BHA and the owner for the specified units for a term of up to 20 years, as determined by the BHA. Contract renewal after the initial period may occur at the sole option of BHA for such period (not to exceed an additional 20 years) as BHA determines appropriate to expand housing opportunities and to achieve long-term affordability. All HAP Contract renewals are contingent upon the future availability of the appropriated HUD funds for the HCV Program.

The HAP Contract establishes the initial rents for the units and describes the responsibilities of the BHA and the owner. Rental as provided while the units are occupied by eligible households. An eligible household will generally meet HUD established income limits for Very Low Income (50% of Area Median Income) households. Additional income limits may apply for tax credit or otherwise restricted properties.

D. Number of PBV Available

BHA will make up to 20 project-based vouchers available for substantial rehabilitation or new construction projects that will serve the very-low income population (incomes at or below 50% of the area median income) in the City of Burbank.

E. Cap on Number of PBV Units in a Project

BHA may not select a proposal to provide PBV assistance for units or enter into an AHAP contract or a HAP contract if more than 25 percent of the total number of dwelling units in the project **or 25 units in a project, whichever is greater** would receive PBV assistance (as stated in the adopted Administrative plan).

G. PBV Program Contract Assistance and Term

New Construction Housing Term

Selected projects may not begin new construction until all post-selection requirements (see Section 4.H. below) are met and BHA and the owner have executed an AHAP. Upon satisfactory compliance with all post-selection requirements, satisfactory compliance with provisions of the AHAP, completion of new construction and a successful HQS inspection, the HAP contract will be executed between BHA and the owner for specified units, for an initial term of up to 20 years. The length of the term is at the discretion of the BHA.

H. Contract Assistance

Rental assistance is provided while eligible households occupy the units. An eligible household generally must not exceed the HUD-established very low-income limit (50% AMI) at the time of admission, adjusted for household size. A household who resides in a PBV unit for at least one year may move with continued rental assistance under the tenant-

based Section 8 Program if assistance is available. The PBV unit the household occupied must then be rented to a new eligible household from BHA's wait list. PBV units must be leased to eligible households for the full term of the HAP contract.

I. Rent Limits

The amount of rent will be determined in accordance with HUD Regulations. The rent to owner must generally not exceed the lowest of the following:

- BHA Payment Standards minus any utility allowance;
- The reasonable rent; or
- The rent requested by the owner.

Current BHA Payment Standards -

Effective Date	0-Br	1-Br	2-Br	3-Br	4-Br
October 1, 2023	\$1,955	\$2,207	\$2,799	\$3,590	\$3960

Certain LIHTC Units

Certain LIHTC units' rent limits are determined differently than for other PBV units. These different limits apply to contract units that meet all of the following criteria:

- The contract unit receives a LIHTC under the Internal Revenue Code of 1986;
- The contract unit is not located in a qualified census tract (QCT). A QCT is any census tract (or equivalent geographic area defined by the Bureau of the Census) in which at least 50% of households have an income of less than 60% of the Area Median Gross Income or where the poverty rate is at least 25% and where the census tract is designated as a QCT by HUD.
- There are comparable LIHTC units of the same bedroom size as the contract unit in the same building, and the comparable LIHTC units do not have any form of rental assistance other than the LIHTC; and
- The LIHTC rent exceeds the BHA Payment Standards.

For contract units that meet all of these criteria, the rent to owner must not exceed the lowest of:

- The LIHTC rent minus any utility allowance;
- The reasonable rent; or
- The rent requested by the owner.

In no event will the rent exceed BHA's payment standard less utility allowances. The current schedule of utility allowances can be found on BHA's website:

<https://www.burbankca.gov/documents/173607/0/07.01.2023+-+UA+FINAL+-+COMBINED+.pdf/4b64e1d8-5b38-9ab0-83e4-649ab8a7bb17?t=1688165627547>

J. Participant Eligibility

BHA will determine eligibility for participation in the project-based assistance program in accordance with HUD requirements and BHA Administrative Plan. All assisted units must be leased to eligible households. Leasing of units to ineligible tenants is a violation of the HAP Contract and will result in the loss of the rental subsidy.

K. Selection from the Waiting List

Tenants who will occupy units with PBVs selected via this RFP must be selected from the BHA waiting list and will be subject to all rules, regulations and priorities established for the wait list in the BHA Administrative Plan.

Owners may not select applicants from their own waiting lists. The owner is responsible for notifying BHA of vacant units and the appropriate household size. Applicants pulled in order from the BHA waiting list, and who are of the appropriate household size and specifications for the unit, will be referred to the owner. If the BHA does not refer a sufficient number of interested families on the BHA's waiting list to the owner within 30 days of the owner's notification to the BHA of a vacancy, the owner may advertise for or solicit applications from eligible, very low-income families. The owner must refer these families to the BHA to determine eligibility. The Burbank Housing Authority and/or owner may also partner with other agencies for referrals for project-based units.

Owners are responsible for the screening and selection of referred applicants. The owner's procedures must be consistent with the purpose of improving housing opportunities for very low-income households, reasonably related to program eligibility and an applicant's ability to perform the lease obligations. Selection must be in accordance with fair housing and other applicable laws and regulations.

3. PROJECT SELECTION

A. Project Eligibility Threshold

In order for an owner/developer to be considered under this RFP, a project must meet all of the following:

1. The proposed project must be located in the City of Burbank.
2. The proposed project must *not* have started at the time of selection for PBV (and cannot start until all post-award conditions are met and an AHAP is signed). Before selecting a new construction project and before an AHAP is signed BHA will make a site inspection to verify this condition.
3. The proposed project must be ready to start construction within 18 months of selection for PBV assistance.
4. Proposed projects must be located in a census tract with a poverty rate no higher than 20% based on 5-year tabulations from the American Community Survey (ACS). (See Section 5.D. of the Factors for Scoring, "Extent to Which Project Furthers BHA's Goal of Deconcentrating Poverty and Expanding Housing Opportunities").
5. Applicant must have site control or submit evidence to indicate that the needed approval/documentation for site control is likely to be obtained and will not delay the project; and must submit evidence that the proposed new construction is permitted by current zoning ordinances or regulations, or submit evidence to indicate that the needed rezoning is likely to be obtained and will not delay the project.
6. Proposed project must be financially feasible.

B. Ineligible Projects

Ineligible Housing Types (24 CFR 983.53)

BHA may not attach PBV assistance to:

- Shared housing units;
- Units on the grounds of a penal reformatory, medical, mental, or similar public or private institution;
- Nursing homes or facilities providing continuous psychiatric, medical, nursing services, board and care, or intermediate care (except that assistance may be provided in assisted living facilities);
- Units that are owned or controlled by an educational institution or its affiliate and are designated for occupancy by students of the institution;
- Manufactured homes; or
- Transitional housing.

In addition, BHA may not attach PBV assistance to a unit occupied by an owner and BHA may not select or enter into an AHAP or HAP contract for a unit occupied by a household ineligible for participation in the PBV program. Finally, PBV assistance may not be attached to units for which construction has started after the proposal submission and prior to execution of the AHAP. Please see 24 CFR 983.53 for a complete list of ineligible property types.

Ineligible Subsidized Housing (24 CFR 983.54)

BHA may not attach PBV assistance to any of the following types of subsidized housing:

- A public housing unit;
- A unit subsidized with any other form of Section 8 assistance;
- A unit subsidized with any governmental rent subsidy;
- A unit subsidized with any governmental subsidy that covers all or any part of the operating costs of the housing;
- A unit subsidized with Section 236 rental assistance payments (except that BHA may attach assistance to a unit subsidized with Section 236 interest reduction payments);
- A Section 202 project for non-elderly households with disabilities;
- Section 811 project-based supportive housing for persons with disabilities;
- Section 202 supportive housing for the elderly;
- A Section 101 rent supplement project;
- A unit subsidized with any form of tenant-based rental assistance; or
- A unit with any other duplicative federal, state, or local housing subsidy, as determined by HUD or BHA in accordance with HUD requirements.

C. Site Inspection and Site Selection Standards

Deconcentration of Poverty

BHA may not select a proposal for PBV housing on a site or enter into an AHAP or HAP contract for units on the site unless BHA has determined that PBV assistance for housing at the selected site is consistent with its goal of deconcentrating poverty and expanding housing and economic opportunities. In complying with this goal BHA will limit approval of sites for PBV housing to census tracts that have poverty concentrations of 20 percent or less.

Site and Neighborhood Standards for New Construction (24 CFR 983.57(e))

In order to be selected for PBV assistance, a site for new construction must meet the following HUD-required site and neighborhood standards:

- The site must be adequate in size, exposure, and contour to accommodate the number and type of units proposed;
- The site must have adequate utilities and streets available to service the site;
- The site must not be located in an area of minority concentration unless BHA determines that sufficient, comparable opportunities exist for housing for minority households in the income range to be served by the proposed project outside areas of minority concentration or that the project is necessary to meet overriding housing needs that cannot be met in that housing market area;
- The site must not be located in a racially mixed area if the project will cause a significant increase in the proportion of minority to non-minority residents in the area;
- The site must promote a greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons;
- The neighborhood must not be one that is seriously detrimental to household life or in which substandard dwellings or other undesirable conditions predominate;
- The housing must be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services equivalent to those found in neighborhoods consisting largely of unassisted similar units; and
- Except for housing designed for elderly persons, the housing must be located so that travel time and cost via public transportation or private automobile from the neighborhood to places of employment is not excessive.

D. Federal Requirements

Certain other Federal requirements also apply to PBV assistance, including, but not limited to:

1. Fair Housing: Nondiscrimination and equal opportunity. See 24 CFR 5.105(a) and Section 504 of the Rehabilitation Act.
2. Environmental Review: See 24 CFR parts 50 and 58 and 24 CFR part 983.58.
3. Debarment: Prohibition on use of debarred, suspended, or ineligible contractors. See 24 CFR 5.105(c) and 2 CFR part 2424.
4. Uniform Relocation Act: A displaced person must be provided relocation assistance at the levels described in and in accordance with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) (42 U.S.C. 4201-4655) and implementing regulations at 49 CFR part 24.
5. Labor Standards: For new construction, regulations implementing the Davis-Bacon Act, Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708), 29 CFR part 5, and other federal laws and regulations pertaining to labor standards applicable to an AHAP covering nine or more assisted units.

DI. Federal Program Regulations and BHA Program Policies

The information contained in this RFP is a summary overview of the PBV Program. BHA does not warrant that it is exhaustive and bears no responsibility for its completeness. D. Incomplete and Non-Responsive/Non-Compliant Proposals

If BHA determines that a proposal is non-responsive or non-compliant with this RFP, written selection criteria and procedures or HUD program regulations, the proposal will be rejected and returned to the applicant with notification stating the reason for rejection. In cases where the proposal meets the minimum information requirements but is defective through typographical or minor calculation errors the proposal will be processed.

BHA reserves the right to reject a proposal at any time for misinformation, errors or omissions of any kind, no matter how far such proposal has been processed.

E. Withdrawal of Proposal

Applicants may withdraw their proposals before or after the RFP submittal deadline by submitting a written request to BHA.

All costs incurred in the preparation of the proposal are the responsibility of the applicant. All documents submitted as part of the proposal will become property of BHA. Any material submitted that is confidential must be clearly marked as such.

G. Equal Opportunity

BHA is an Equal Opportunity Business Enterprise which promotes competitive solicitations and does not discriminate on the basis of race, color, religion, creed, national origin, sex, disability, age or sexual orientation.

BHA encourages Minority, Small, Women- and/or Disabled-owned Business Enterprises to respond to this solicitation.

H. Post Award Conditions

New Construction Units

HUD regulations require that new construction units complete the following items before BHA and the owner/developer can execute an AHAP:

1. *Subsidy Layering Review (SLR)*: PBV projects that utilize LIHTCs or other governmental housing assistance from federal, state or local agencies are subject to a SLR (see 24 CFR 983.55) to prevent excessive public assistance for the project. Applicants utilizing LIHTCs have the option to have the California Tax Credit Allocation Committee perform the SLR, otherwise, applicants will be required to submit documents to BHA that will then be submitted to HUD or its designee for the SLR approval.
2. *Environmental Review*: PBV activities are subject to HUD environmental regulations in 24 CFR parts 50 and 58. The owner must obtain documentation of environmental clearance from the Responsible Entity (i.e., the city or county) that conducted or approved the environmental review (see 24 CFR 983.58).
3. *Determination of Initial Contract Rent*: BHA will determine the estimated and actual amount of initial rent to the owner according to 24 CFR 983.301. The AHAP states the estimated amount of the initial rent to owner; the actual amount of the initial rent to owner is established at the beginning of the HAP contract term.

The following items must be completed before BHA and the owner/developer can execute a HAP contract:

1. BHA has inspected each contract unit in accordance with 24 CFR 983.103(b) and has determined that the unit fully complies with HQS.
2. The owner has provided evidence that certifies that the units have been completed in accordance with the AHAP. Completion of the units by the owner and acceptance of units by BHA are subject to the provisions of the AHAP (see 24 CFR 983.155 and 24 CFR 983.156).

I. Post Award Costs

All costs for the SLR, environmental review, appraisal (if required for establishment of rent), Davis Bacon monitoring and any and all other costs that may be associated with processing and approval of the proposal are the responsibility of the owner and shall not be paid by BHA.

J. Appeals and Remedies

General: It is BHA's policy to resolve all contractual issues informally at the BHA level, without litigation. Disputes shall not be referred to HUD until all administrative remedies have been exhausted at the BHA level. When appropriate, the BHA may consider the use of informal discussions between the parties by individuals who did not participate substantially in the matter in dispute, to help resolve the differences. HUD will only review protests in cases of violations of Federal law or regulations and failure of the BHA to review a complaint or protest.

RFP protests: Any actual or prospective applicant may protest the solicitation or award of a contract. Any protest against the award of a contract must be received within ten (10) calendar days after the contract award, or the protest will not be considered. All RFP protests shall be in writing, submitted to the BHA representative referenced above for application submission, who shall issue a written decision on the matter. The BHA may suspend the selection/award pending resolution of the protest, if warranted by all facts presented.

5. FACTORS FOR SCORING AND RANKING PROPOSALS

Please only submit a proposal if the project meets the threshold criteria mentioned in Section 3A above.
