REUSABLE CONTAINERS
Multiuse utensils

California Retail Food Code, Sections 114121 and 114353

Clean consumer-owned containers provided or returned to the food facility for filling. It may be filled by either an employee of the food facility or the owner of the container, and returned to the same consumer.

The food facility shall either isolate the consumer-owned containers from the serving surface or sanitize the serving surface after each filling.

The food facility shall prepare, maintain, and adhere to written procedures to prevent cross contamination and to make the written procedures available to the enforcement agency.

Clean consumer-owned containers shall be designed and constructed to be durable to retain their quality under normal use.

Consumer-owned containers that are not food specific maybe filled at a water vending machine or system.

WHAT IS RECYCLABLE IN BURBANK?

Metal containers and aluminum foil, glass containers, corrugated cardboard, paper, and plastics #1, #2, and non-black #5
